## W. S. SWISHER, RURAL CARRIER, DIES SUDDENLY

Walter S. Swisher, 55, a rural mail carrier of Gettysburg R. 3, died suddenly at his home Thursday evening at 10:45 o'clock from a heart attack.

Dr. C. G. Crist, Adams county coroner, investigated and attributed death to coronary occlusion.

Mr. Swisher had been to the VFW home here earlier in the evening and complained of feeling ill after returning from a neighbor's home where he had gone for milk. He died 10 minutes later.

### Postal Service 32 Years

The deceased was born in Gettysburg, a son of Mrs. Lovia P. Swisher, Gettysburg, and the late John P. Swisher. He was a rural mail carrier on Gettysburg R. 2. He entered the postal service in 1916 in the parcel post division and served as a substitute carrier for some time. He was a regular carrier for about eight years.

Mr. Swisher was a veteran of World War I. He was inducted at Ft. Meade, Md., on November 5, 1917, and was assigned to Company A, 316th Infantry, 79th Division, later being transferred to the 20th Forestry Engineers. He sailed overseas on February 16, 1918, and was attached to the 11th Division of the Fourth French Army. On May 29, 1919, he returned to the United States and was discharged as a corporal on June 11 of that year.

### Funeral On Sunday

Mr. Swisher was a member of Fiohr's Lutheran church where he was a teacher in the Sunday school. He was a member of the Independent Order of Odd Fellows and the Maccabees, of Gettysburg, the American Legion and VFW. He was president of the Adams County Rural Mail Carriers association and was quartermaster of the local VFW.

Surviving are his mother; his widow, the former Esta Wetzel, to whom he was married 26 years; a foster daughter, Miss Mabel Herr, who is in training as a nurse at the Germantown hospital, and one sister, Miss Bertha Swisher, Gettysburg.

Funeral services Sunday afternoon at 2 o'clock from the Bender funeral home conducted by his pastor, the Rev. George H. Berkheimer. Friends may call at the funeral home Saturday evening.

## SEEK FUNDS TO DO RESEARCH IN HEART DISEASE

Plastic hearts, in which persons interested in aiding the drive to do more research on heart diseases can place their donations, are being placed in various business places of town today. Dr. Roy W. Gifford, local National Heart Week chairman announced today.

Funds raised through donations placed in the plastic heart, or through checks or money sent to the YWCA office which is the local collection center, will be sent to the American Heart Association for research to combat diseases of the heart and circulation.

In urging local residents to give as much as they can toward the campaign Doctor Gifford pointed out that:

### Number One Killer

"Heart diseases are responsible for one out of every three deaths in the United States. They kill more persons than the next five leading causes of death—cancer, accidents, kidney disease, pneumonia, and tuberculosis—combined. Deaths from heart and blood vessels are three times as high as cancer, six times as high as accidents, eight times as high as pneumonia and eleven times as high as tuberculosis."

"Disability caused by the heart diseases is greater than that caused by any other disease. They are responsible for a loss of 152,100,000 work days annually, or billions of dollars in productivity. It is estimated that one out of every 20 persons suffers from diseases of the heart and blood vessels. Nearly one out of every two deaths after the age of 45 is caused by heart disease."

## Conduct IOOF Rites At Soldier's Grave

### DEATHS

Richard Norman Smith

Utica, N. Y., Feb. 13 (P)—Eleven persons were believed to have perished today in a flash fire that wrecked a two-storey frame dwelling near the New York Central railroad tracks in western Utica. Five bodies, including those of three children, had been recovered six hours later.

Fire Chief Leo Barry said 14 others had escaped. Three members of one family, who jumped from a second floor window, were hospitalized. Firemen found the charred body of three-year-old Dana Lois Hoage in the rubble. She was identified by her uncle, Dana Payne, Jr.

### Walls Collapse

The walls of the long, ramshackle building, in Cedar street, collapsed before most of the second floor occupants could get out, firemen said.

St. Elizabeth's hospital said Mrs. Ella Payne, 48, was in critical condition with three-fourth of her body burned. Her husband, Dana Payne, Sr., suffered first and second degree burns of the face and head.

Their daughter, Catherine Payne, 19, received first and second degree burns of the face and arms and suffered shock.

Mary Hoage, 13, who jumped from a second story porch into a snow bank told of other members of a family waiting in a room to be rescued when the building collapsed. She and three other survivors were taken to a nearby home.

## Commissioners

(Continued from Page 1)

posed budget, if the county continues at its present rate all county debt will be paid off by 1954 Smith said.

Have \$119,855 Balance

Total receipts estimated in the proposed general fund budget are \$296,949.34. Of that amount receipts from the current tax levy are estimated at \$146,594.10; cash balance on hand is \$119,855.74; receipts from tax levies of previous years, \$12,000; other revenue receipts, \$2,500; miscellaneous figure includes amounts received from court fines, departmental earning and the like.

Expenditures listed in the general fund total \$291,616, or \$5,333.84 less than the expected income. The budget must be designed to have a carry-over. It was pointed out, because of the period between the setting up of the budget and the time when the current year's taxes are paid.

With the large amount listed for the jail this coming year's budget will provide more for corrections than for operation of the county otherwise. The total for corrections is \$160,710 including \$3,380 for probation and parole; \$15,000 for maintenance in correction and penal institutions; \$7,330 for the county jail (feeding of prisoners, etc.)

\$3,500 For Children

Under the heading of charities \$13,000 is listed, including \$3,000 for maintenance of adults in non-county institutions and \$10,000 for maintenance of delinquent children.

A total of \$35,000 is provided to care for children according to the two budgets with \$25,000 to go for child welfare and \$10,000 for care of delinquents.

Minus the \$136,000 listed for capital outlay, \$151,916 will be spent to operate the county exclusive of the institution district.

### Institution District

Receipts for the institution district are listed as \$89,501.07 while expenditures will be \$85,390, according to the proposed budget. Starting with a cash balance of \$12,853.47, income will include an estimated \$64,247.60 from current taxes; \$3,400 from back taxes and \$9,000 from other sources such as sale of produce from the county home farm, amounts paid by children of persons in the county home and the like.

Expenditures include: general administration, \$5,600; county home, \$27,790; farm, \$11,500; maintenance in institutions, \$5,000; other forms of care (Child Welfare) \$25,000 and capital outlay \$10,000.

### POSTPONE GAMES

The basketball games scheduled to be played here this evening between the Shippensburg and Gettysburg junior high teams have been postponed until February 24 due to poor traveling conditions.

## LAB DESTROYED AT CORNELL U.

Ithaca, N. Y., Feb. 13 (P)—The Cornell University high voltage laboratory was a mass of tangled iron and steel today. Fire destroyed the 70-foot high building last night, causing a loss of more than \$1,000.

Valuable electrical and mechanical equipment and supplies were ravaged in the spectacular blaze that for a time threatened "Vetsburg," the university's housing project across the street.

The window-less building of corrugated sheet iron and structural steel collapsed less than two hours after the fire was discovered.

Fire Chief Raymond Travis said cause of the fire, which started in a section containing a workshop and heating unit, was not determined immediately.

Professor S. W. Zimmerman, laboratory director, said nearly 15,000 gallons of oil in three 250,000 volt transformers contributed to the intensity of the blaze. Zimmerman described the laboratory as "one of the biggest projects of its kind in the world."

### ERADICATION

(Continued from Page 1)

The young people of high school and junior high school ages of Arendtsville and community are invited to a meeting at the parish house of Zion Reformed church following the Union Lenten service Sunday evening. Plans for future Sunday evening gatherings for young people will be presented during the evening. The meeting is being sponsored by Trinity Lutheran and Zion Reformed churches.

Arthur Gordon, president of the county branch of the PSEA presided at the session.

### TALKS TO STUDENTS

At the high school assembly program Gallup told the students "there are three reasons I believe in brotherhood. First because of my religion. If I believe in the Fatherhood of God and the brotherhood of man then I must believe in brotherhood for all. Second, the American heritage, which shows that America became great through the contribution of all its citizens, and because brotherhood has been the theme of America's ideals; and third because of science. There is no difference in blood. The blood plasma of the blackest Negro, the whitest 100 per cent pure Protestant Anglo-Saxon, and that of a Jew or a Catholic could be studied under a microscope and no difference could be found."

Bruck Westerdahl acted as master of ceremonies at the high school program where members of the Gettysburg high school choir under the direction of Richard B. Shadé presented "Dedication," "The Lord's Prayer" and "Alleluia, Amen." A motion picture on "The World We Live In," produced by the NCCJ was shown. The speaker was introduced by Dr. Lloyd C. Keefauver, superintendent of the Gettysburg schools.

The meeting will be held Monday evening at 7:30 o'clock at the home of Mrs. Oscar C. Rice. Mrs. Sewell E. Kapp will be in charge of the service the theme for which will be "God So Loves the World."

Miss Jean Thomas will be in charge of the devotional service at the regular Wednesday evening Lenten service at the church.

## LAFAYETTE TO MEET BULLETS HERE SATURDAY

Fresh from their surprise victory over Bucknell at Lewisburg Wednesday evening, the Gettysburg college cagers will seek their ninth win of the season here Saturday evening when Coach Bill Anderson's Lafayette quintet will be met in a Middle Atlantic conference tilt.

No preliminary game will be played, the lone tilt starting at 8 o'clock.

The Leopards nosed out the Bullets in their first meeting at Easton last month 56-53 and another close game is anticipated.

Lafayette has been hampered this year by a series of injuries but now is at full strength. Foremost among those who have returned to full time action is Marty Zippel. He was injured early in the campaign and missed the Bullet tilt at Easton.

### Leopards Improving

With Zippel back in action the Lafayette outfit has been regaining some of its expected form and has been greatly improved recently. Other veterans who will round-out the Leopard lineup are Milne, Semko, Duyn and Bailey.

The Bullets have also been on the up-grade and gave a very fine performance against the favored Bisons on Wednesday. Harry Pure, who missed over a month of action due to a broken arm, rammed through 11 points against Bucknell and is rapidly reaching his early season form.

Coach Bream is expected to again use his two-team system, one team of which is composed of all former Gettysburg high players.

## WORLD CHAMP TITLE FOR DICK

Davos Platz, Switzerland, Feb. 13 (AP)—Richard Button, of Englewood, N. J., won the world figure skating championship today.

Button, 19, came from behind to outclass a field of 13 skaters from eight countries and thus add the world title to the Olympic championship he won last week.

Both of Button's nearest rivals, Hans Gerschwiler of Switzerland, defending champion, and Ede Kiraly, Hungary, fell while trying to do the Axel Paulsen, one of skating's most difficult figures.

The official results gave Button 1,982.7 points.

Gerschwiler had 1,948.5 points.

## Sports Roundup

New York, Feb. 13 (AP)—You have to feel a lot of sympathy for Gil Dodds getting mumps in the middle of the indoor track season . . . but you must admit that it's a break for the other milers . . . Dan Ferris reports that the AAU has received 17 entries for the indoor mile championship February 23 and at least ten are likely to start in a free-for-all race . . . Top named include Les MacMittel, Tom Quinn, Gerry Karver, Bill Mack, Tarver Perkins and Browning Ross—all possible winners with Dodds absent.

On top of Bob Feller's invitation to a cocktail party "at which an important announcement will be made" comes a bid from the Dodgers to attend "the rookie hunt luncheon." — With Branch Rickey presiding in a pink coat, we presume.

### LONG RANGE FORECAST

No sooner had Iowa State's baseball coach, Cap Timm, completed a 20-game schedule for his team next spring than football tutor Abe Steuber asked for a copy . . . "I want to know now what days spring football practice will be rained out." Abe explained.

With Gus Lesnevich threatening to eat himself into the heavyweight division, Manager Joe Vella has clamped down on public appearances—especially at mealtime . . . "The next time you show up in public," Joe told Gus, "will be against Billy Fox March 5." . . . Babe Didrikson Zaharias has collected 29 watches as prizes for athletic excellence and is threatening to start a new fad by having them made into a belt . . . Harry Harper, New Jersey state labor commissioner who once pitched for the Red Sox and Yankees, is seeking the Republican nomination as United States Senator from New Jersey. And Shirley (Washington Post) Povich points out that, if elected, Harper would be the only Senator who ever lost a 1-0 decision to Walter Johnson.

### TO MANAGE ROSES

York, Pa., Feb. 13 (AP)—Frank Oeak, 35-year-old former Middle Atlantic league baseball player was named today to manage the York club of the Interstate league. Oeak has managed in the Pittsburgh Pirate system during the past several years, having piloted Keokuk, Ia., in 1947, Selma, Ala., in 1946, and Hornell, N. Y., in 1945. He succeeds Ralph Dilullo as manager of the White Roses.

## Demaret, Heafner In Lead At Harlingen

Harlingen, Tex., Feb. 13 (AP)—Veteran campaigners Jimmy Demaret and Clayton Heafner led the way today as field of 105 moved into the second round of the \$10,000 lower Rio Grande Valley open.

Sixty spots in the final 36-hole battle for the money were on the line and the race was close. Twenty-nine crack shots who bettered 35-36-71 par over the Harlingen Municipal course's 6,045-yards yesterday were within a range of five strokes.

Demaret, the links troubador from Ojai, Calif., and Heafner, the big blond from Charlotte, N. C., whitewashed par by six strokes apiece as they came in with 65's. Bob Hamilton of Evansville, Ind., was just one stroke back, while three more professionals were tied at 67. They were Ky Laffoon of St. Andrews, Ill., Otto Greiner of Baltimore, and Stewart (Skip) Alexander of Mid-Pines, N. C.

## LOYOLA UPSETS MOUNT QUINTET

The Mt. St. Mary's college dribblers lost a 62-41 decision to the Loyola college quintet Thursday evening at Baltimore. The victory was the eighth straight for Loyola in the Mason-Dixon conference.

Loyola took the lead early in the game and led throughout. Pete Clark again paced the Mountaineers with 11 tallies.

In the preliminary game the Mount "B" team won from Loyola 40-35.

**Fights Last Night**

(By The Associated Press)

The New Haven Ramblers have only a slight chance of beating out the Providence Reds for the American Hockey league's eastern half flag so the Ramblers are doing the next best thing—nailing down second place.

Trailing the Reds by 11 points with only 12 games left to go, the Ramblers opened up a five point margin over the third place Hershey Bears last night by trouncing the Bears 7-2.

Meanwhile, in the Western division, the Indianapolis Capitals moved to within four points of Cleveland's third place Barons as a result of their 4-2 triumph over the Springfield Indians.

On top of Bob Feller's invitation to a cocktail party "at which an important announcement will be made" comes a bid from the Dodgers to attend "the rookie hunt luncheon." — With Branch Rickey presiding in a pink coat, we presume.

### Phil. Heavyweight Serious About Bout

Philadelphia, Feb. 13 (AP)—Ed

Franklin, Philadelphia heavyweight, was reported in serious condition at Temple university today after he was floored by Bill (Chicken) Thompson in the eighth round of their bout at the Met.

Franklin, 187, was knocked down twice for a count of nine last night in the eighth and final round. He managed to come up just before the final count only to encounter a flurry of lefts and rights that sent him back to the canvas unconscious as the bell rang.

At Temple hospital, physicians said it might be necessary to perform an emergency operation.

## MULE MATMEN MEET BULLETS SATURDAY AT 4

What is expected to be one of the hardest fought matches to be held here this season is listed for Saturday afternoon at 4 o'clock when Clyde Cole's Gettysburg college wrestlers engage Muhlenberg.

The hour for the match was set back at the request of Muhlenberg officials due to examinations being held Saturday morning at the Alton school.

The Mules were unbeaten until Thursday evening when they dropped a 20-10 decision to F. and M. at Lancaster, the Cardinals and Gray outfit forfeiting the 121 and 128-pound events.

Last Saturday Muhlenberg was held to a 14-14 draw by Ursinus. Previously the Mules had beaten Princeton, Brooklyn Poly Tech and Temple.

### Ted Lenker Out

Coach Cole, whose lads have lost only to Navy, announced today that Graham McCutcheon will replace Ted Lenker in the 128-pound match. Lenker has been forced out due to a nerve condition.

The remainder of the starting Bullet lineup will be intact. Sam Schmittner, who lost to Getz last year, will seek revenge in the 121-pound event. Joe Erb will take part in the 136-pound affair and Dick Sassaman will be in the 115 event.

Cliff Steinbeck, crack Mule 155-pounder and a winner at F. and M., meets unbeaten Russ Reigle in that event. Lance Soutl, 165, will meet Del in what promises to be an outstanding affair as both use the same style of grappling.

Dick Binder will meet Evans in the 175, while Charley Reider meets Wessman, another victor against the Diplomats, in the heavyweight match.

The Mules bowed to Gettysburg 16-14, last season and make no secret that they have been pointing all year to avenge that upset.

### Cy Morgan To Direct Phil Farm System

Philadelphia, Feb. 13 (AP)—Cy Morgan, veteran Philadelphia Phillies scout, was named field director of the Philadelphia Phillies' farm system in a series of changes in the organization.

The changes, announced yesterday by Robert M. Carpenter, Jr., Phils' president, also affected Lew Krausse and George Earnshaw, both former hurlers for the Philadelphia Athletics.

Krausse was named supervisor of pitchers at Carbondale, Bradford, Portland, Vandergrift, Schenectady and Dover. Earnshaw will tutor the hurlers at Utica and Toronto.

## Today's Talk

By GEORGE MATTHEW ADAMS

DR. SAMUEL JOHNSON

I have just finished reading the world famous biography by James Boswell of Dr. Samuel Johnson. Why I never read it in my youth is my great loss. A reading of it a half dozen times in one's lifetime should be none too many. It is one of the world's great classics and its most outstanding biography.

In this story you will read of a man's great ability, as well as his faults and virtues. There is no varnishing of his character. The man stands out. He was born in a nest of poverty, and so indelibly did this fact set hold of him, that in later life, its influence still clung. In a letter to his friend, Boswell, he wrote: "Poverty, my dear friend, is so great an evil, and pregnant with so much temptation, and so much misery, that I cannot but earnestly enjoin you to avoid it."

Dr. Johnson was born in 1709 and died in 1784. His first fame came to him after the publication of his Dictionary, and although he later became the author of many other books that are still read, his greatest fame has endured because of Boswell's "Life." In this great work he is followed by Boswell for a period of nearly a quarter of a century and his wise sayings recorded as they were given. He was the friend of the great of his day—Sir Joshua Reynolds, Oliver Goldsmith, David Garrick, and a host of others, who gathered about him to have "good talk."

A most interesting visit is recorded in the meeting of Johnson, and an old classmate of his, at Pembroke college, after a period of nearly half a century. Said Edwards: "You are a philosopher, Dr. Johnson. I have tried too in my time to be a philosopher; but I don't know how. CHEERFULNESS was always breaking in."

This unique biography reads more fascinatingly than any novel. It was first published in 1791 in two large volumes, but dozens of editions have since followed. A very good one is now to be had in the "giant" series put out by the Modern Library that sells for less than a good lunch today—and its reading will afford a lifetime of pleasure and intellectual profit gained.

Just before Johnson died a letter was handed to him upon his deathbed, and he made this remark: "An odd thought strikes me—we shall receive no letters in the grave." His last words, spoken to a young girl who wished to see him before he died, were these: "God bless you, my dear!"

Tomorrow Mr. Adams will talk on the subject: "Who Started All This?"

## Just Folks

By EDGAR A. GUEST

The Poet of the People

NINE YEARS OLD

Now with eyes that fairly shine  
He is boasting: "I am nine!"

With the eighth year done and gone,

I should call that "getting on!"

Nine! That's when the legs are stout,

Fit to romp and race about;

When no matter how you fall,

You get up not hurt at all;

When until your book you've read

You don't want to go to bed.

Nine! at dinner when you try

For a second piece of pie.

Nine years old! The glorious time

When an apple tree you'll climb,

Unafraid to eat them green,

Wormy, bitter and unclean.

Nine, when earthquakes couldn't shake

Hard enough a boy to wake;

When the worst that life can spoil

Is a dose of castor oil.

Oh, what memories are mine!

Once I boasted: "I am nine!"

With enthusiasm the apostles of the Spirit, armed with the might of the Spirit, went out in all directions to evangelize the world. The Christian Church of today, with all its fruits, is an evidence of the creative and sustaining power of the Holy Spirit. Among those who bear witness, especially where Christ is not known, are many who have been attended by the Comforter and because of this inward power have achieved remarkable results.

The Fruit

Paul in writing to the Galatians urged them to "walk in the Spirit" and so avoid the sins of the flesh. He gives a category of these sins (Chapter 5) and it is not pleasant reading. Then over against these iniquities he sets the wholesome "fruit of the Spirit." He does not say "fruits" but "ruit." For the Spirit-possessed man yields a single but varied harvest. It may be likened to a tapestry of various colors and designs which together form one beautiful whole. Such is the life guided and empowered by the Holy Spirit.

It is significant that the lesson closes with this vigorous passage from Galatians setting in contrast the nature of the force itself. Electricity for instance. So with the Holy Spirit, and our lesson directs attention mainly to three ways in which the Spirit is active.

The first we may call prompting or reminding. The Holy Spirit is promised and "the shall teach you all things, and bring all things to your remembrance; whatsoever I have said unto you." The disciples were taught much by Jesus — far more than they could understand at the time, or even remember. But the Holy Spirit would be at their side, as it were, and prompt the things they had forgotten, make clear also what was indistinct or obscure. One obtains this point of view from the original word "paraclete" which is translated literally as one "called along side of." That is the essence of it. The Holy Spirit standing by one's side telling him what has been forgotten, helping him to understand, advising him about his conduct, giving aid in the endeavor to know the truth in all things.

More Power

In addition to enlightenment the Holy Spirit gives power. The book of Acts gives ample testimony to the effectiveness of the Spirit's presence. On the Day of Pentecost that power was manifested in a spectacular manner. Peter, who had been weak and vacillating, stood up to preach about the risen Christ and three thousand souls were converted. And that was only the beginning of the work of the Spirit in men's hearts.

"Ye shall receive power" was the promise of the Spirit to the apostles. When "love, joy, peace, long-suffering, kindness, self-control" are observed in a person's conduct, others will want to know why and how this all came about. Then they can be led to the Holy Spirit, which is God at work in the heart. Only then will the Kingdom of God come to a wayward world.

Of Spirit of the living God,

In all the plenitude of grace,

Where'er the foot of man hath trod,

Descend on our apostate race.

IN MEMORIAM

In sad but loving remembrance of my dear wife and our mother, Margaret M. Topper, who departed this life one year ago today, February 13, 1947.

A happy home we once enjoyed. How sweet the memory still. But death has left a vacant chair. The world can never fill.

Dearest mother how we miss you. Since from earth you passed away, And our hearts are aching sorely As we think of you each day.

Sleep on, dear mother, sweetly rest. We need you but God knew best; God's will be done. He doeth well, But how we miss you here, no tongue can tell.

By husband and children.

In sad but loving remembrance of my dear wife and our mother, Margaret M. Topper, who departed this life one year ago today, February 13, 1947.

A happy home we once enjoyed. How sweet the memory still. But death has left a vacant chair. The world can never fill.

Dearest mother how we miss you. Since from earth you passed away, And our hearts are aching sorely As we think of you each day.

Sleep on, dear mother, sweetly rest. We need you but God knew best; God's will be done. He doeth well, But how we miss you here, no tongue can tell.

By husband and children.

## YOUNG BRIDE, 14, ABDUCTED, RETURNS HOME

Blackshear, Ga., Feb. 13 (AP)—A 14-year-old bride, carried away from her husband just 15 minutes after the marriage, was back on the farm today with her husband.

She returned yesterday, tired, disheveled and still clad in her short, green wedding dress. She also was barelegged.

Her husband, 18-year-old Doniver Teston, greeted her. "Hello, honey," he said.

"Hello, Doniver," she answered. "I'm back."

"What you been doing for your self?" he asked.

The bride, the former Mildred Aspinwall, had told her story to Sheriff L. L. Taylor. The sheriff is still look-

## Truman Insists Market Break Fails To Ease Need For Inflation Curbs In U. S.

WOLCOTT SAYS  
MAY NEED WAY  
TO HOLD PRICES

Washington, Feb. 13 (AP)—President Truman still thinks the country needs price controls in spite of the severe break in the grain market.

The word from Republican leaders in Congress today is that he still has little chance of getting them.

Chairman Wolcott (R-Mich.) of the House Banking committee went even further. He said Congress may have to start thinking about ways to keep prices from going too far down.

And two GOP senators—Young (ND) and Bushfield (SD)—asked Congress to repeal a two month old law which they say helped cause the commodity slide. That law specifies there can be no further wheat exports once reserve supplies in this country drop to 150,000,000 bushels.

## Rent Deadline Near

Wolcott took the view that there will be no harm if Congress waits a couple of weeks to think over the anti-inflation picture before it acts.

He listed one exception: Rent control. That should be extended for one month beyond February 29, the date the present law expires, Wolcott told newsmen. Meanwhile, he added, Congress could consider a longer extension.

Wolcott said a two weeks' ban on discussion of other proposals would not lessen the need for the economic program he outlined to Congress November 17.

Among other things, he asked then for standby power to restore price-wage controls and rationing on a limited basis.

Young said Congress should investigate the motives of officials of all four major commodity exchanges who supported the reserve requirement before it was adopted.

wheat and (2) penalizes U. S. farmers.

The North Dakotan gave his views in a statement explaining a bill he has prepared with Senator Bushfield to wipe out the wheat carry-over clause.

"Carry-over" is the portion of a crop held in storage from one crop year to the next, including seed. The 150,000,000-bushel requirement was written into the stopgap foreign aid bill passed at the 1947 special session.

He added that he understands a Senate appropriations subcommittee next Monday will call in E. T. Maynard, a big Chicago trader who profited from the price drop. Young said he will ask that the group question Maynard about exchange support for the big carry-over.

CAN'T FATHOM  
PRICE BREAK

Garden City, Kas., Feb. 13 (AP)—

Kansas wheat farmers looked across snow-covered fields with puzzled frowns today as they sought to fathom the cause for the sudden skid in commodity prices.

In wheat field interviews, the grain growers pointed to continued high demand for wheat and prospects of only a fair 1948 yield as reasons for their inability to understand the week-long market plunge.

But there were no signs of a stampede by the producers to dump their holdings.

The consensus seemed to be that everything will work out all right—if other prices come down accordingly. Some thought an immediate investigation was in order. Others said future planning was out of the question "until we see what is going

to happen."

John Boyd of near Garden City said he didn't "like it, but we'll tighten our belts. The spring wheat outlook here is far short of what the experts expect. I don't understand the break with demand for wheat still unsatisfied."

L. O. Lile, also of near here, had this to say: "I can't see any reason for the break. It was dirty politics. If other prices come down accordingly, though, everything might work out."

Dewitt Craft, another Garden City operator, said farmers haven't been thrown into panic.

PUC Censured For  
Taxicab Denials

Harrisburg, Feb. 13 (AP)—The Public Utility Commission was under severe censure from two quarters today for its action in denying 96 Philadelphia war veterans permission to operate taxicabs in the Quaker city.

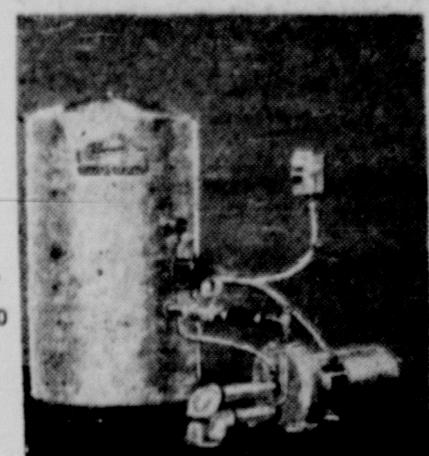

Frank C. Hilton, state commander of the Veterans of Foreign Wars in a speech last night charged the commission "with making a mockery of the term 'free enterprise' and of granting special privileges and rights as well as encouraging monopoly."

Meanwhile, the executive board of the Pennsylvania Federation of Democratic women adopted a resolution charging the PUC with "calculated disregard for the public interest." The resolution added: "It

further appears that the 'free enterprise' so vigorously demanded by Republican speakers is regarded by the public utilities commission merely as 'campaign oratory' and not as a privilege for war-veteran cab-drivers x x x."

# ADMINISTRATION CHARGED WITH BOONDOGGING

Independence, Kan., Feb. 13 (AP)—

Senator Edward Martin (R-Pa.) accused the Truman administration of padding Federal payrolls to "buy votes with the taxpayers' money—just as it always has done."

Martin's address last night before Kansas Republican workers, was his second this week in the midwest where party leaders are viewing him as a prospective contender for the Republican Presidential nomination.

The Pennsylvania Republican, in addition to lashing the administration for the so-called payroll padding policies, said America today needs men in government "who know the value of a dollar."

## Back to Boondoggling

The one-time governor declared that in peace time, when everyone is fighting to "cut government expense, to cut taxes, to keep down inflation, the Truman administration has gone back to boondoggling."

Martin said the present administration "is building up the payrolls in advance of the national elections—not for the public benefit—but to buy votes with the taxpayers' money—just as it always has done."

He urged elimination of surplus Federal employees as a direct step in reducing unnecessary Federal expenditures.

"First, we must break down the stubborn refusal of the administration to cooperate with Congress in effecting these economies so necessary to relieve the American taxpayer of the back-breaking load of taxation. It is sometimes difficult

for people away from Washington to comprehend the things that we see there every day."

## SAYS TWO TURKISH PLANES SHOT DOWN

Sofia, Bulgaria, Feb. 13 (AP)—The Bulgarian Telegraph Agency says two Turkish fighter planes were shot down Monday by Bulgarian coastal guards.

The report, issued Wednesday, said

one of the pilots drowned in the Black sea, off the port of Sosopol. The other was said to have been injured and captured.

Anti-aircraft guns apparently were used. The agency said the guards warned the planes by flashing red lights that they were over Bulgarian territory but that the planes ignored the warnings and circled

Sosopol several times before being downed.

There were approximately 62,103 fire alarms cleared through New York city circuits in 1946.

## CRIPPS WARNS BRITAIN MAY FREEZE WAGES

London, Feb. 13 (AP) — Britain's economic planner says the labor government may have to use force to keep down wages and profits.

Sir Stafford Cripps, chancellor of the exchequer and minister of economic affairs, told the House of Commons so last night. He urged Britons again to accept voluntary controls.

The French government also moved against price boosts. It sent the National Assembly in Paris a

#### Unions Ask More Pay

British unions some 5,000 strong have been insisting upon higher pay despite Prime Minister Attlee's hold-the-line plea in last week's government white paper. They are in coal mining, railroading, shipbuilding, engineering and civil service.

Cripps reiterated the appeal for voluntary measures to stem wage and profit rises. Then he asked the House: "Can we take them in a Democratic way by free choice, or is it to demand the imposition of them by force?"

He said the government plans to freeze manufacturers' prices and distributors' profits at the December-January level, perhaps in a month or so. This apparently was in response to labor opposition to the wage freeze without compensating profit and price clamps.

Meanwhile, the manufacturers and distributors are to hand in plans for voluntary price-and-profit rollbacks on both controlled and non-controlled goods. The freeze will be to hold things steady while they make their plans.

The first railroad in Albania was completed in 1947.
